**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We have fiber today but were previously connected with AT&T DSL, it was awful. A lot of buffering and terrible service. Broadband is critical for our home so our children can stream educational material that assists them with school work. Sonic fiber optic has been amazing and we have had no complaints. We want more competition so the prices stay reasonable and the service continues to get better.
